Over My Dead Body!

Shreveport, Louisiana
Detective Roger Courtney
LeadsOnline Rock Star Since 2002

Detective Roger Courtney, with the help of Sgt. Goodwin and his warrant team, were able to arrest a maid with sticky fingers (and very poor judgment) in a case that we'll call "Over My Dead Body!".

The suspect was a full time maid whose employer had been in poor health and in/out of the hospital during the summer of 2008 through the early part of 2009. During this time, \$173,430.00 of expensive jewelry came up missing from the complainant's home. Sgt. Goodwin was able to use the LeadsOnline investigations system to track down a 5 month history of the stolen goods being sold by the suspect to a Shreveport Pawn Shop.

This may seem like a typical case of "don't bite the hand that feeds you", but this is where the story takes a deeply disturbing twist. The complainant's health hit an all time low, and unfortunately she suffered a stroke. Just when the maid had deemed her superior deceased, she proceeded to remove the woman's necklace in one last (and very distasteful) attempt to make a few more bucks as the paramedics were on their way. The complainant lived, and thanks to Detective Courtney and LeadsOnline, this particular maid will be resting in a not so peaceful place for quite some time!
