

Suspect charged with stealing from garages

Tuesday, December 16, 2008

Denton police have a man in custody in connection with several garage burglaries in recent weeks.

Derell Dwayne Anderson, 41, was in city jail Tuesday charged with burglary of a habitation. Gainesville police arrested him Tuesday on a Denton warrant, and he was brought to the Denton jail later that day. Bail had not been set Tuesday afternoon.

Police say they believe Anderson also is responsible for burglaries in Fort Worth, Sanger and Gainesville.

Homeowners who left their garage doors open in the northwest area of Denton lost tools, golf clubs and other property. Numerous items stolen in the burglaries were located in area pawn shops using **LeadsOnline**, a computer program that links pawn shops and police departments.

Fort Worth police first linked Anderson to burglaries and worked with the Denton detectives, who believe they have linked him to at least six of the burglaries that took place in northwest Denton, according to a police report.

Anderson is on parole until 2051 for burglary convictions.
